

SOFSTRIDE

REDEFINING LUXURY

MICROFIBER LEATHER

Experience the perfect balance of lightness, resilience, and style — elevate your products with MP SofStride.

SOFSTRIDE

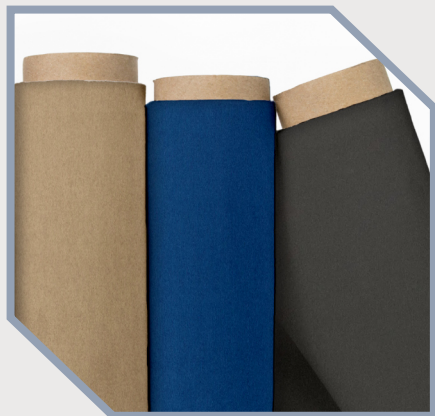

Discover the next generation of top cover technology with MP SofStride — a high-performance, microfiber material engineered for unmatched comfort, durability, and function. Designed to outperform traditional top covers, this lightweight, synthetic leather delivers a luxurious feel without sacrificing strength or flexibility.

Ideal for orthopedic solutions, custom insoles, and high-performance athletic footwear, MP SofStride is a micro-textured crushed suede with a leather-like finish that reduces overall weight while maintaining exceptional durability. Its naturally hypoallergenic composition makes it perfect for sensitive skin, while its breathable and absorbent properties help keep wearers drier and more comfortable for longer.

MP SofStride offers excellent stretch and formability for precise molding and shaping in a wide range of orthotics, supports, linings and footwear.

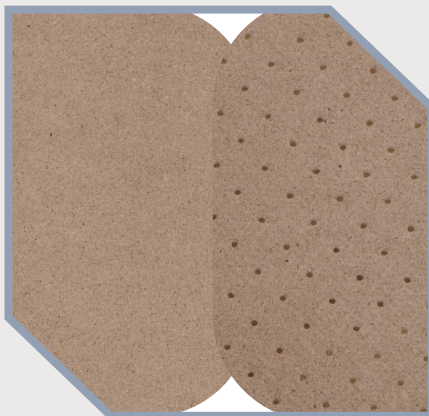

APPLICATION GUIDELINES

SofStride can be laminated to any of our foam materials. Customers can utilize this service and many others with MatPLUS.

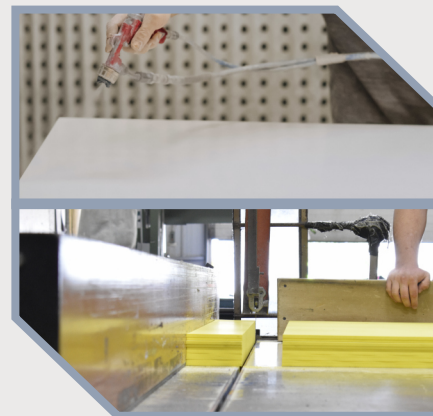

3 COLOR OPTIONS

CHOOSE FROM TAN, BLUE, OR BLACK SOFSTRIDE COLORS FOR YOUR TOP COVERS OR LINING.

SMOOTH OR SEMI-PERF

AVAILABLE IN BOTH SMOOTH AND SEMI-PERFORATED FINISHES, MAKING IT A VERSATILE CHOICE FOR A WIDE RANGE OF APPLICATIONS.
